# Welcome to innovate

Welcome to the fifth edition of our new, monthly innovate publication. Each month innovate will update you on the latest innovative products from the leading bathroom and washroom brands in the UK.

For over 120 years Neville Lumb has been providing bathroom and washroom solutions for all types of projects across the UK. Our portfolio of leading brands, flexibility, competitive prices, national coverage and expert knowledge and advice has led to us working on some of the most iconic buildings throughout London and the UK.

Let us help you. Our experienced national sales team, specification managers and designers are on hand to visit you to discuss current or potential projects, and can provide the following services free of charge:

- Create specifications to budgets
- Confirm the compatibility of different products and brands
- Check availability of products
- Supply samples, swatches and technical data
- Create high resolution 2D & 3D designs and 4D virtual bathroom experience

If you're in London, why not visit our design offices in Clerkenwell, our Designer, Rocio and Specification Manager, Jonathan would be delighted to meet with you and discuss your requirements over a coffee. We can even invite the manufacturer for their input.

Call Rocio on 07710 859489 or Jonathan on 07702 650695.

Our third Neville Lumb 'inspire' event was held on 21st July 2016 on the roof top gardens of our office in Kirby Street, Clerkenwell.

The Neville Lumb event sponsored by Geberit included free food and drinks along with a photography exhibition by Adeline Piel. Local DJ Chris Geisler provided the music from his vinyl record collection while guests enjoyed views across the London skyline. The successful evening provided Architects and Designers a relaxed environment to network and learn more about Neville Lumbs free bathroom specification service and how they save practices time.

Inspire events are running throughout the year and demand for tickets is high for these exclusive events.

Dates include: Thursday 22nd September, Thursday 13th October and Thursday 23rd November.

## Building, renovating and designing with the **wedi** system

All wedi products are designed with one goal in mind: to develop high-quality and above all practical solutions for the trade which provide real added value to all of our customers.

Today, building, renovation and design work in the modular wedi system means far more than just the well-known wedi building board. It stands for complete solutions in the challenging wet room environment as well as numerous services in the areas of sales support and application technology which have made wedi into a premium brand in the realisation of bathroom and wellness areas.

### Increased reliability with shorter installation times

**Tested & approved system:** The ETA and abP\* test certificates document the fact that wedi products are certified sealing systems for wet rooms. It has now also been certified that the sealing characteristics of our wet room systems meet the high requirements of the new collective European directive thus awarded with a CE marking.

**Waterproof:** the blue XPS core is 100% waterproof.

**Stable:** The cement coated surface forms an incredibly strong and stable base for adhesive thanks to the integrated fabric.

**Heat insulating:** All of our building board systems provide fantastic insulation, save energy costs and provide long term protection against mould and fungus.

**Lightweight:** designed for straightforward, low-dust workmanship thus saving you stress, time and money.

**It's the finer details that give the bathroom that special touch:** tiled benches and elegant niches bring convenience and individual design to even small showers. The new wedi products save time during processing and are 100% waterproof. Design your personal retreat with convenience and reliability.

The new wedi **Sanoasa Benches 1-3**, offer space for relaxation in the shower. Both the seating areas and the carrier elements can not only be positioned the way you like, but also their shapes and sizes can be modified to suit.

The **wedi Niches** are both practical and aesthetically pleasing. The finished shelf is easy to clean and fits seamlessly into the shower tiling. Available in 2 sizes.

The tileable **Sanoasa Corner seat** provides comfort and individual design in small showers, even as a later addition on tiled surfaces! Available in 2 sizes.

Project  
**THE HYDRO GLASGOW**  
Architect  
**FOSTER & PARTNERS**

# A sensitive tap that can handle the big crowds

Saving water, saving money and making a positive contribution to BREEAM assessments.

The Hydro, Glasgow's newest entertainment venue, and a city landmark, with a seating capacity of 12,000, will play host to 140 events a year, attracting over one million spectators.

The London-based architects Foster & Partners chose to install Dolphin Infra-red Sensor taps. These WRAS-approved taps aren't just stylish, they go a long way to help conserve water, reduce a building's carbon footprint and have a low environmental impact that helps make a positive contribution to BREEAM assessments.
