Innovators by nature. Pioneers in engineering excellence. Since 1968, Majestic has been leading the way in premium glass shower screens and enclosures. More than fifty years later our commitment to elegant, timeless and understated design remains as strong as ever.

A Majestic shower is an icon of beauty. It possesses an exacting, aesthetic quality all of its own – one that transcends superficial fads and trends.

# Why Majestic

Whether you seek a sanctuary of calm or refreshing invigoration Majestic lets your imagination run free. Large or small, modern minimalism or classic opulence, our shower collection will transform your bathroom and enhance your home.

*From our inception in 1968 we only had in mind to provide the best design and quality.*

*This is what we do.*

A handwritten signature in black ink, which appears to read "John King".

John King  
Founder  
1937 - 2018

Enjoyed in discerning homes, landmark hotels and resorts throughout the world, Majestic is recognised by leading architects for exceptional shower screen design.

We work closely with designers and architects, using our technical expertise to ensure we meet the exacting standards demanded for prestigious projects.

# The Experts' Expert

*We were attracted by the classic lines and clean, simple designs of Majestic for our prestigious development, The Lancaster.*

*With over 300 bathrooms to install we used a combination of the framed shower screens and frameless bath screens. Mixing classic and contemporary – which is exactly what The Lancaster is all about.*

*Majestic's products were in keeping with the rest of the development, in terms of both quality and finish. And because their shower screens come in a wide range of sizes, we had a greater degree of flexibility with our bathroom designs and layouts. Majestic also provided good technical back-up throughout the project.*

A stylized, handwritten signature in black ink, which appears to read 'O. Rodriguez'.

Orlando Rodriguez  
Architect

Star and Garter Mansion, Richmond

With a view protected by an Act of Parliament and famously captured by JMW Turner in his painting ‘Richmond Hill’, it’s no surprise the Star and Garter Mansion on Richmond Hill is one of the most exclusive addresses in the capital.

The meticulous refurbishment of this Grade II listed landmark provides a stunning range of luxuriously specified residences. Majestic were invited to supply Rio and Portofino enclosures as well as Genoa and Valletta bath screens from The Essential Frameless Collection.

It is a privilege to be able to offer both a technical, consultative design service to architects on the most prestigious projects in London, whilst also being able to give individual retail clients the 5 star luxury bathroom experience they deserve.

Tom King  
Managing Director

Islington Square, London

Much of it built in the early 20th century, Islington Square is the transformation of the Royal Mail’s North London Mail Centre. The 4.5 acre complex features a breathtaking development characterised by three statement residential buildings. Islington Square is a love letter to the original great post office buildings.

With debonair charm and à la mode finishes within each of the apartments, new life has been breathed into this Edwardian-meets-21st-century development. Majestic were invited to supply Ponente and Rio screens as well as fully recessed Odessa sliding doors.

Our glass range offers a subtle spectrum of colours. From clear to understated tones of smoke grey to bronze, with additional colours available on request.

For the ultimate in clarity, we offer low iron, optically clear glass often described as white. We can also supply glass that is etched with acid to achieve discretion and opacity.

Newly available our mirrored and fluted glass will add another dimension to your sanctuary.

# Our Glass

## *Seeing is Believing*

These are carefully balanced shapes that echo the simplicity of the glass screen, all coming together to deliver a sense of timeless design.

Our fittings are made from solid brass and high purity stainless steel.

A sumptuous range of curated finishes is made available through our collection of special finishes. For further details please see our technical Special Finishes on page 83.

# Our Finishes

## *Purity of Form, Feel & Function*

The  
All New

# ESSENTIAL

A new modernity borne out of heritage, expanding the same exacting beauty and detail Majestic has pioneered for over fifty years.

The Essential Portfolio is not about what is not there but what is. Where less truly is more.

A curated edit selected purposefully to compliment your individual bathroom design and ideas.

The Essential Portfolio offers minimalism but delivers maximalism and everything in between.

# PORTFOLIO

This single panel bath screen represents absolute simplicity and pure functionality. Its minimalist design blends seamlessly with both modern and traditional bathroom styles. Fitted with our Essential hinge, providing a continuous seal and ensuring maximum water retention.

# Genoa

## *Essential*

---

Shown with chrome fittings. For full design options and pricing please see page 91.

Essential Valletta gives you a wider space in which to shower, whilst offering an articulating in-line panel to clear bathroom furniture.

A classic product, now offered with a continuous seal design to ensure maximum water retention.

# Valletta

## *Essential*

Shown right handed with chrome fittings. For full design options and pricing please see page 95.

Monaco is elegant minimalism epitomised. A simple wall fixed panel creates the perfect partition for a walk-in Wetroom.

# Monaco

## *Essential*

Shown with chrome fittings. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 97.

Deceptively simple, the Archangel hinged leaf folds flush to the interior of the fixed panel producing the widest possible access.

With its innovative lateral seal our latest screen contradicts the common convention of hinged panel design. Hugely versatile, the leaf moves in an arc from its closed position, sealing all the way through 180 degrees to its fully extended position.

# Archangel

## *Essential*

Shown left in open position, Bespoke with gold fittings. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 99.

A classic solution to an alcove, the Essential Rio, or its cousin the Agave, provides an elegant solution to enclosing a recessed showering space.

Now available with a continuous seal design for maximum water retention.

# Rio

## *Essential*

Shown right handed, with chrome fittings and a short round D handle. For full design options and pricing see page 111.

A staple in the discerning interior designers playbook. This versatile corner enclosure is now available with a continuous seal design.

# Portofino

## *Essential*

Shown right handed with chrome fittings and a short round D handle. For full design options and pricing please see page 117.

The Essential Napoli is an exquisite example of minimalism meeting maximalism and everthing in between. Engineered to perform with beauty, now available with a continuous seal design.

# Napoli *Essential*

---

Shown right handed with chrome fittings and a short round D handle. For full design options and pricing please see page 123.

With its classical pentagonal design, the Essential Venice allows you to maximise the space in your bathroom without compromising on design.

Now with a new continuous seal design.

# Venice

## *Essential*

---

Shown left handed with chrome fittings and a custom handle. For full design options and pricing please see page 129.

The  
Original  
FRAME

Your bathroom is a blank canvas.  
A clean slate of possibilities. Majestic Frameless  
provides the opportunity to create your unique,  
innovative shower experience.

LESS

This single panel bath screen represents absolute simplicity and pure functionality. Its minimalist design blends seamlessly with any bathroom style. Fitted with a dual action hinge, bringing the best of both worlds together, it glides smoothly both inwards and outwards.

# Genoa

---

Shown with chrome fittings. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 91.

Valletta gives you a wider space in which to shower. The in-line panel offers flexibility and clearance from existing bathroom furniture.

A classic product, now both inward and outward opening with our new and improved seal design.

# Valletta

---

Shown with chrome fittings. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 95.

Maine elegantly makes the most of the available space you have by creating a stunning, yet discrete built-in shower environment.

# Maine

---

Shown with chrome fittings, short D handle and no underframe to base. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 103.

Cadiz represents timeless simplicity. It completes your bathroom by enhancing even the most economic of spaces, achieving a pleasingly minimal finish.

# Cadiz

---

Shown with chrome fittings and finger pull handle. Recessed profiles to wall and base. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 107.

Ideal for any alcove, the door can be hinged from a wall or, alternatively, the Agave could be specified for an alcove with the door hinged from the panel. Please see page 111-112 for further details.

# Rio

Shown with chrome fittings and short D handle. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 111.

A popular choice and versatile corner enclosure.

# Portofino

Shown with chrome fittings, short D handle. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 117.

Napoli exemplifies Majestic’s ability to bring together modernity and sense of grace. This design with its central door, is perfect for an alcove space and, as with all our hinged doors, an elegant, smooth close is achieved.

# Napoli

Shown with chrome fittings and finger pull handle. Surface profiles to wall and base. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 123.

Deauville fits seamlessly into your bathroom. Its corner enclosure design offers great flexibility in terms of size and shape.

# Deauville

Shown with chrome fittings, long D handle and over bath notch cut out. Surface profiles to wall and base. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 127.

With its distinctive geometric design, Venice allows for more floor space. This chic neo angle corner enclosure comes with specially created hinges for the most elegant door close. And when fitted with underframe, it provides the ultimate watertight finish.

# Venice

Shown with chrome fittings and towel rail handle. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 129.

Create a space within a space with Barcelona. This three-sided enclosure features two in-line and two return panels, making it appear to blend almost invisibly with its environment.

# Barcelona

Shown with chrome fittings, long D handle and ceiling fixed brackets. Surface profiles to wall and base. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 131.

Designed for seamless integration into each unique interior, Harmony offers a smooth glide into a luxury showering experience. With a choice of surface or recessed profiles for wall and floor we invite our customers to take control in the creation of their unit. An elegant, visionary solution.

# Harmony

---

Shown with chrome fittings and custom handle. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 133.

Harmony is redefining minimalism in sliding door design. Engineered to deliver a smooth, quiet door action. Composed of stunning components. With an expanded choice of finishes and recessed profiles, this timeless classic is founder Mr. King's signature design. Superb showering.

# Harmony Corner

---

Shown with chrome fittings and square finger pull handle. Choose from our range of glass, finishes and details on pages 83-90. For full design options and pricing see page 135.

# DEMI

Our iconic 1968 collection. Reimagined with unique, stunning metal finishes.

Watertight and timeless this stand alone collection offers the best in creative, functional and innovative design.

Inspired by our commitment to excellence and the power of the imagination to journey where anything is possible.

# FRAMED

This beautifully crafted iconic bath screen brings a robust elegance to the bathroom. Reliability and lasting good looks have made the Alessi a preferred design for many decades. Guaranteed watertight.

Alessi

Shown full height with rose gold fittings. Choose from our range of finishes and glass on pages 83-88. For full design options and pricing see page 93.

A strong statement in any bathroom, the Levant radiates authority with a promise to deliver in all or most situations. Straightforward and imbued with common sense design, the Levant door offers a minimally framed alternative to traditional framework. Guaranteed watertight.

# Levant

---

Shown with chrome fittings and a square long D handle mounted horizontally. Choose from our range of finishes, handles and glass on pages 83-90. For full design options and pricing please see page 105.

Bold and uncompromising, Majestic’s distinctive metalwork brings style and engineered excellence to luxury showering. Its watertight guarantee makes it the expert’s choice. You know you’re in safe hands when you close this door.

# Ponente

---

Shown as a steam door with headrail, gold fittings and a square short D handle.

Choose from our range of finishes, handles and glass on pages 83, 85 and 89. For full design options and pricing please see page 105. Also available without headrail, pictured on page 105.

A rule breaker when first launched in 1968, founder John King's first hinged door design for Majestic. Unmatched in beauty and function Constance allows for the door to be hinged off the wall or corner post. A deceptively simple design copied the world over, we take it as a compliment, it remains a company favourite. Guaranteed watertight.

# Constance

---

Shown with matte black fittings and a long round D handle mounted horizontally. Choose from our range of finishes, handles and glass on pages 83, 85 and 89. For full design options and pricing please see page 109.

When an alcove space calls for something extra the Como delivers with its perfect lines and uncompromising style. This unit allows you to play with the positioning of the door, hinged off a central or wall post giving you design flexibility taking you beyond the usual limits of standard design. Guaranteed watertight.

# Como

---

Shown with chrome fittings and a square short D handle. Choose from our range of finishes, handles and glass on pages 83, 85 and 89. For full design options and pricing please see page 113.

Possessing an engaging powerful luxury this unit will not fail to delight the senses. Step boldly inside and escape into a world of opulent beauty, form and function. Available hinged from the wall, centre or corner post the design possibilities are limitless. Guaranteed watertight.

# Como Corner

Shown with red gold fittings and a square long D handle. Choose from our range of finishes, handles and glass on pages 83, 85 and 89. For full design options and pricing please see page 119.

We cannot think of a more delightful and pleasing way to fill an alcove showering space. Crisp edges coupled with solid balanced engineering make for an enriched experience to be enjoyed both inside and out. Guaranteed watertight.

# Geneva

---

Shown with chrome fittings and a horizontally mounted long D handle. Choose from our range of finishes, handles and glass on pages 83, 85 and 89. For full design options and pricing please see page 125-126.

Also available with a return to suit a corner. Please see page 125 for specification details.

Our designs are an evolution of experience and ingenuity. We are committed to perfection – continually refining, testing and innovating our designs.

It's the hidden detail and elegant results that endure. Our shower screens offer the best in style and function; beauty and performance, it's the accuracy of our engineering that brings the two together in perfect balance.

# The Beauty in the Detail

Beyond Bespoke™ allows you to unfold your desire for the exclusive and explore the endless possibilities of customization in luxury showering. ## Bespoke Services Tiering Information

**Tier 1 Styles:** SLB, TPB, WP, FP, D  
**Tier 2 Styles:** WPHL, DR, DP, PD, SLA  
**Tier 3 Styles:** PDR, DPR, N, PDP, SLC  
**Tier 4:** PDPR  
**Tier 5:** RPDPR

## Terms and Conditions

Survey requirements are provided at the point of enquiry. Two working days’ notice is required to cancel and rebook appointment. Both surveys and installations cancelled with less notice will be charged at the retail price. A decision maker must be present at both survey and installation for confirmation of specification and placement of enclosure, in addition to sign off both pre and post installation.

## Things to bear in mind

Before we are able to survey your site, your shower area must be finished, with walls tiles and shower tray installed. 10mm frameless glass is very heavy, therefore it is essential that there are appropriate grounds for our fixings wherever the shower screen meets a wall or ceiling. The minimum requirement is 12mm thick ply behind plasterboard and pipes must not be run behind fixing points.

## Oversized Units

Oversized units will be highlighted following the site survey. They may require a courier service delivery in addition to a 3 man installation team, therefore oversized units will be subject to a surcharge.

## Management of the service

Your bathroom designer will provide Majestic with your product, site and contact details. Subsequently you will be contacted by Majestic to arrange a site survey. When the site survey has been completed Majestic will provide your designer with a comprehensive quote, taking into consideration exact dimensions and any other relevant information.

## Postcodes served

All London and Home Counties postcodes, in addition to: BN, CB, CO, GL, GU, LU, MK, NN, OX, RG, SG, TN

For enquiries outside these postcodes please enquire with **bespokeservices@majesticshowers.com**

24 hours after sending the confirmed quotation, Majestic will commence production and book the installation. The lead time from survey to install is 3 weeks. Special finishes may carry a longer lead.

# Special Finish Collections

Majestic offers a range of carefully created colours that are available on a portfolio by portfolio basis.

Collection	Finish	Surface
Essential Finishes	Chrome	Polished
Frameless Finishes	Chrome	Polished
	Black	Matte
Demi Framed Finishes	Chrome	Polished
	Nickel	Brushed and Polished
	Satin Bronze	Brushed and Polished
	Country Bronze	Matte
	City Bronze	Matte
	Brass	Brushed and Polished
	Antique Gold	Brushed and Polished
	Red Gold	Brushed and Polished
	Satin Copper	Brushed
	Gun Metal	Matte
	Any RAL Colour	Matte
Beyond Bespoke Finishes	Chrome	Brushed and Polished
	Nickel	Brushed, Polished and Aged
	Brass	Brushed, Polished, Bright and Aged
	Black	Matte
	Black Chrome	Polished
	Bronze	Brushed, Oil Rubbed and Aged
	Copper	Brushed, Polished and Aged
	Gold	Polished
Please note	When specifying coloured shower enclosures of traditional brass and aluminium construction, it is not possible to achieve exact parity of finish across all components.	

There may be a slight variation in lustre of the profiles against the components. This is because the components are plated brass and the profiles extruded aluminium, each of which undergoes individual processes to prepare the metals for daily use in the bathroom.

All of our finishes have been designed to complement and are inspected alongside each other in natural light prior to manufacture. However, the nature of light and colour is subjective and each of our eyes will perceive the colour differently depending on the lighting, the angle and even the temperature.

# Glass

All Frameless Essential and Beyond Bespoke shower screens are made in 10mm thick glass. Demi Framed is made with 8mm glass. All glass is toughened safety glass to BS EN 12150.

In accordance with BS EN 14428 each enclosure is marked with BS EN 12150, usually on the leading edge of the door or panel.

## Glass options

All glass is available both clear and acid etched. Crystal clear low iron glass, coloured glass, mirrored and fluted glass is now available as a bespoke option.

Please note that fluted glass is laminated, providing greater strength and shatter resistance. Due to this there is a visible line on the end of the panels, separating the two panes that have been bonded together. This joint is visible only where the end of the glass is exposed and there is no seal, for example on a Wall Panel.

For pricing information please see the specification page of your chosen product.

## Glass protection

Majestic have researched all the glass protection products available in Europe and the United States. We find that EnduroShield is optimum for showers. The properties are such that we guarantee the effectiveness for five years. Only a damp micro-fibre cloth and mild detergent should be used for cleaning.

## UV Bonding

UV bonding is a process which enables glass panels to be joined without the use of metal fittings and silicone. The join is incredibly strong and completely invisible, leaving clean, undisturbed lines for an ultra minimal finish.

Majestic are able to offer bespoke glass for on-site UV Bonding. Please contact us for further information. UV bonding is available only when using Bespoke Services.

# Frameless and Essential Fittings

One of the defining features of a Frameless Majestic shower screen is the hinge. The iconic flat landscape design is unmatched both in terms of style and function. This heavyweight fitting is fully adjustable, with its unique bias mechanism providing positive pressure and perfect door closure every time.

Our hinges and brackets are all made in precision engineered solid brass, plated to the finish of your choice. Support arms and stay bars are composed of high purity stainless steel, Grade 316.

This heavyweight fitting is fully adjustable, self centres and, with its unique bias mechanism providing positive pressure, delivers perfect door closure every time.

Ponente

Shown Left Handed  
30mm adjustment

Levant  
Minimal Door

Supplied with a low profile frame  
16mm adjustment

Demi Framed Doors D

Standard Details

- Door
  - 2000mm high
  - Supplied without optional head rail
  - Clear glass
- Chrome components
  - Anti-Calcium coating as standard
  - Watertight
  - Positive closure with ball catch
- Available up to 1000mm wide
  - Maximum height 2200mm
  - Manufactured Steam proof ready when headrail is specified

Installation notes

- When installing without a head rail there must be clearance above the door. Do not order to the exact aperture height when choosing not to specify a head rail.
- When ordering with optional headrail a 150mm gap is required between the headrail and the ceiling, or soffit, for fixing. Therefore the door should be installed prior to the soffit when taking the unit to ceiling height or making the enclosure for steam proof. Headrail is shown on page 63.

# Beyond Bespoke Portfolio

**Portfolio Details**

Our stunning new Beyond Bespoke™ Portfolio has been inspired through collaboration with leading architects alongside our own evolving experience of the luxury showering experience. Discerning clientele are now looking for more and more minimal framework, whilst taking their enclosures to the ceiling with increasing regularity. In a world where less is more, bigger truly is better We are delighted to present this new portfolio with ceiling and floor mounted hinges for the ultimate showering experience.

Setting the new standard of luxury Majestic will now only offer our latest collection of special finishes on this, the Beyond Bespoke Portfolio, our most exclusive offering to date.

**Please Note**

- Prices include survey and installation in our core postcodes.
- The Portfolio is manufactured with either profiles or brackets. Never both.
- There is no underframe or threshold strip below the door to retain water. Please design your space accordingly.
- Fingerpull handles only.
- Rapid survey to installation time.
- Special finishes are stocked.

prior notice.

Terms and Conditions for Shower Units

1. Majestic Shower Company Ltd lifetime guarantee covers all metal and glass components. Finishes (not inc.. Chrome), Rubber seals and gaskets are guaranteed for 3 years from the date of purchase. Clearshield anti-calcium coating is guaranteed for 7 years.
2. The guarantee registration form must be completed in full and returned to Majestic within 30 days of installation.
3. The guarantee is only available to the original purchaser and is non-transferable.
4. If the product purchased is defective in materials or manufacture, Majestic Shower Company Ltd will, at our discretion, either replace, repair or refund the purchase price of any part or whole of the goods purchased. This shall constitute our sole obligation under this guarantee.
5. This guarantee covers normal domestic use and is valid only for products installed in accordance with our fitting instructions. Majestic Shower Company Ltd will not be liable for:
  - i) any defect in the goods which result from accidental damage,

willful neglect, reasonable wear and tear, use of abrasive cleaners or incorrect installation.

- ii) any product that has been altered, modified or transformed in any way unless consent is given by Majestic Shower Company Ltd.
  - iii) any installation costs, unless written consent is given by Majestic Shower Company Ltd.
  - iv) any compensation for loss of the use of the product or consequential loss of any kind.
6. This guarantee is valid for products purchased and installed in the United Kingdom and Eire only.
  7. This guarantee is in addition to and does not affect your statutory rights.
  8. Points 1-7 are a concise representation of our full Terms and Conditions of trade. Please see our full Terms and Conditions online for further detail. The full Terms and Conditions take supremacy in the instance of any dispute.
