Wall & Ceiling Panelling Guide

2021

PanelStyle Splashpanel Grey Concrete

Our wall and ceiling panelling portfolio brings together the industry's leading brands to offer waterproof panels for bathrooms and wetrooms; ceiling panels that can be applied directly over Artex, decorative panels that negate the need for plasterboard, and tough, hardwearing wallcoverings for commercial and public areas.

With a broad palette of designs spanning marbles, stones, woodgrain effects, plain colours and more, we have a stunning solution for any style or budget.

This means along with our bespoke digital print option, you can create a unique look in both domestic and commercial settings - anything is possible!

Showerwall - The stylish alternative to tiles

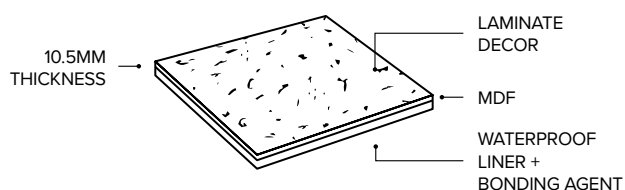

Naturally inspired surfaces delivered through a smart waterproof wall panelling system. This diverse range of products offers design solutions for any bathroom using high gloss acrylics, refined textures or sleek laminates. The Showerwall range caters for all trends and tastes from luxurious veined marbles, to earthy stone and shimmering quartz, and from smooth glass-like acrylics to custom printed designs. The range is grouped into five main collections: Marble, Quarry, Mineral, Acrylic and Custom.

HPL

Showerwall is the ultimate in bathroom wall panelling. The system provides an impressive watertight finish that looks stunning and performs impeccably against the rigours of daily life.

All decors from the Marble, Quarry and Mineral collections are manufactured from a moisture resistant MDF core and finished with a high pressure laminate (HPL), creating 10.5mm thick panels. Choose from square cut panels or take advantage of our Proclick technology which achieves seamless joints without the need for joining trims.

Our HPL product system consists of two key components to ensure a watertight seal. Both our trims and sureseal are available in a range of colours to suit every decor.

COST EFFECTIVE INSTALLATION

Simply cut the Showerwall panels to size and fix them to the wall or over existing tiles. A lot less mess and a much faster fit than tiles helps you to save on installation costs.

EASY CLEAN AND CARE

Showerwall has a solid, groutfree surface eliminating hiding places for mould, dirt or germs. A hygienic and wipe-clean solution.

SEAMLESS FEATURE WALLS

Proclick technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints. The lightweight panels are available in a range of sizes for maximum flexibility.

MANUFACTURED IN THE UK

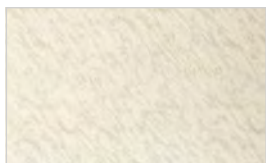

15 YEAR GUARANTEE

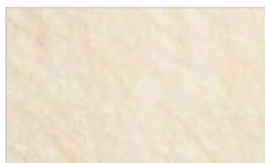

When installed correctly, using the recommended accessories and fitting guide, HPL panels are guaranteed against manufacturing defects for 15 years from purchase date.

100% WATERPROOF SYSTEM

Waterproof System

The **HPL** product system consists of two key components to ensure a watertight seal which is available in a range of colours to suit every décor.

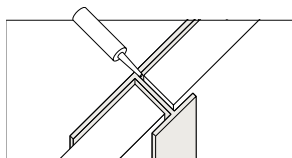

Trims

To ensure a watertight finish, trims are required for the outer edges of the panels as well as both internal and external corners. Choose from five colours:

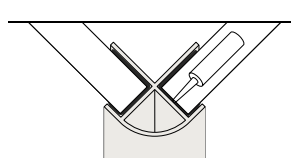

Internal corner

Used on all internal 90° corners.

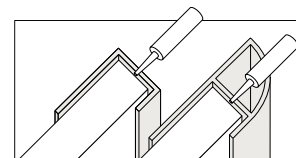

Joining trim

Used to mount panels side by side.

External corner

Used on all external 90° corners.

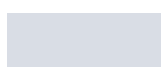

End trims and Quadrant trims

Finishing end trims for square cut edge panels.

Bright Silver

Satin Silver

White Gloss

Black Silk

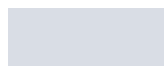

Antique Gold*

*Quadrant trims are not available in this colour

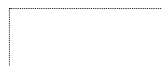

Trim	Ref	Bright Silver (1)	Satin Silver (2)	White Gloss (3)	Black Silk (4)	Antique Gold (5)
Internal Corner	IC	SBOAR188	SBOAR190	SBOAR192	SBOAR338	SBOAR184
End Trim	ET	SBOAR168	SBOAR170	SBOAR172	SBOAR334	SBOAR164
Quadrant Trim	QT	SBOAR346	SBOAR348	SBOAR350	SBOAR344	
External Corner	EC	SBOAR178	SBOAR180	SBOAR182	SBOAR336	SBOAR174
H Join	JT	SBOAR198	SBOAR200	SBOAR202	SBOAR340	SBOAR194

Sureseal

Use Sureseal to achieve an even greater sealing performance at the base of the panel and ensure four points of cover. It is made up of an enclosed sealant line protected by a neat trim with both front and end capping that measures 2450mm. Available in three colours:

Satin Silver

White

Black

Sureseal Colour	Sureseal PVC Trim	Sureseal End Caps
Silver	IDSS004	IDSS001
White	IDSS006	IDSS003
Black	IDSS005	IDSS002

Sealant & Adhesive

HPL products require Showerwall's own brand of adhesive and sealants to ensure the most effective fit of the panels. Sealant is available in both a clear and white finish.

Description	Code
Adhesive 350ml	IDSW0001
White Sealant 310ml	SBOAR554
Clear Sealant 310ml	SBOAR552
Cleaner Spray 750ml	SBOAR543

Showerwall Packs

For common bathroom configurations, please find below a list of component items to ensure that you get everything you need for your waterproof shower system.

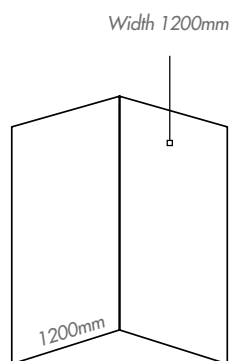

Corner Packs

Pack 1

Corner enclosure up to 1200 x 1200mm.

Included in the pack

- 2 x 1200mm Square Edge Panel
- 2 x Showerwall Adhesive
- 2 x Showerwall Silicone
- 2 x Satin Aluminium End Trim
- 1 x Satin Aluminium Internal Corner Trim
- 1 x Sureseal PVC Trim
- 1 x Sureseal End Caps

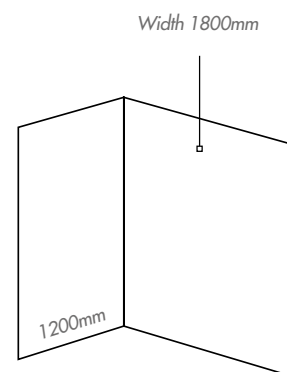

Pack 2

Corner enclosure up to 1200 x 1800mm.

Included in the pack

- 1 x 1200mm Proclick Panel
- 1 x 600mm Proclick Panel
- 1 x 1200mm Square Edge Panel
- 3 x Showerwall Adhesive
- 3 x Showerwall Silicone
- 2 x Satin Aluminium End Trim
- 1 x Satin Aluminium Internal Corner Trim
- 2 x Sureseal PVC Trim
- 2 x Sureseal End Caps

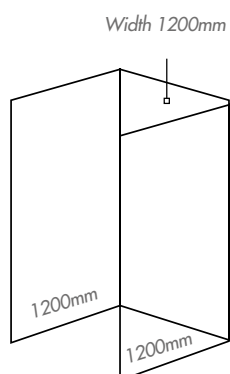

Recess Packs

Pack 3

Recess pack up to 1200 x 1200 x 1200mm.

Included in the pack

- 3 x 1200mm Square Edge Panel
- 3 x Showerwall Adhesive
- 3 x Showerwall Silicone
- 2 x Satin Aluminium End Trim
- 2 x Satin Aluminium Internal Corner Trim
- 1 x Sureseal PVC Trim
- 1 x Sureseal End Caps

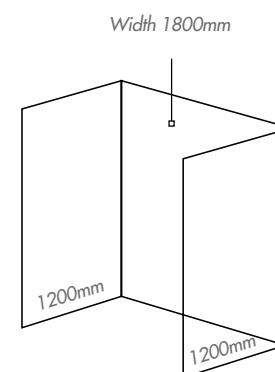

Pack 4

Recess pack up to 1200 x 1800 x 1200mm.

Included in the pack

- 1 x 1200mm Proclick
- 1 x 600mm Proclick
- 2 x 1200mm Square Edge
- 4 x Showerwall Adhesive
- 4 x Showerwall Silicone
- 2 x Satin Aluminium End Trim
- 2 x Satin Aluminium Internal Corner Trim
- 2 x Sureseal PVC Trim
- 2 x Sureseal End Caps

Showerwall Installation Kits

All accessories are available to purchase separately; however if your space is a 2 sided corner enclosure, take advantage of this kit which has everything you need in one handy pack. Please note: This kit does not include the shower panels themselves and is only suitable for **HPL** panels.

Included in the Kit:

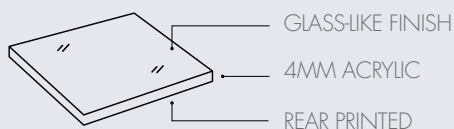

- 1 x Internal Corner Trim
- 2 x End Trim
- 1 x White Sureseal Trim
- 2 x White Sureseal End Caps
- 2 x White Silicone sealant
- 2 x Adhesive
- 1 x SuperClean cleaner
- 3 x Surface cleaning tissues
- 1 x Silicone remover
- 1 x Mitre Box
- 1 x Sureseal Profiler

Trims	White Sealant	Clear Sealant
Bright Silver	IDSW0601	IDSW0602
Satin Silver	IDSW0599	IDSW0600
White Gloss	IDSW0597	IDSW0598
Black Silk	IDSW0596	IDSW0595

GLASS-LIKE FINISH

Acrylic

All decors from the Acrylic and Customs collections are manufactured from 4mm acrylic panels that are rear printed to give a vibrant colour with a polished glass-like finish. Featuring our custom collection, which offers the ultimate flexibility to create something unique.

Acrylic product is fully waterproof and therefore does not require the use of Trims or Sureseal.

PLEASE NOTE: Use Clear Sealant 290ml (IDSW0769) for sealing all custom decors.

Showerwall Acrylic clear/colour matched edge sealant **MUST NOT BE USED** for adhering the acrylic panels to the wall as this product is an edge sealant only and not a panel adhesive. In order to fix Showerwall Acrylic to the wall the standard Showerwall translucent silicone sealant **MUST** be used as the adhesive... as they are acrylic panels you need to use Showerwall Sealant and not the Showerwall Adhesive – code SBOAR552. We recommend one 310ml tube per acrylic panel.

100% WATERPROOF

Acrylic panels are 100% waterproof, designed to create a watertight finish.

10 YEAR GUARANTEE

When installed correctly using the recommended fittings, Acrylic panels are guaranteed against manufacturing defects for 10 years from date of installation.

GLASS-LIKE FINISH

Create the contemporary look of glass for a fraction of the cost with Acrylic. Once the panels have been cut, sand and polish the square edges for a full transparent appearance.

MATERIAL

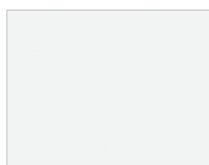

The unique high tech polymer Acrylic panels are more scratch resistant compared to other acrylics or glass, giving you piece of mind and longevity.

Altro Whiterock™ and Altro Fortis™ wall systems

ALTRO WHITEROCK™

The ultimate hygienic walls system.

Altro Whiterock gives you the proven, high performance alternative to ceramic tiles and meets with all current EU directives on health and hygiene. Available in a wide range of colours and finishes, its fully bonded system gives bacteria and vermin nowhere to hide.

Features & Benefits

- Impact resistant
- Hygienic and easy to clean
- Wide colour palette in satin or gloss finishes
- Quick to install
- Can be thermoformed in and out of corners
- Durable and impermeable
- Available in sheet sizes of 2500mm / 3000mm x 1220mm x 2.5mm
- Meets all current building and is Hazard Analysis and Critical Control Points (HACCP) approved, as required for food safety management
- Guaranteed system (20 years)
- Fire resistance: Class 0, when fully bonded to a non combustible substrate
- Matching trims available

ALTRO FORTIS™

Seriously tough protection for walls, doors and corners.

Altro Fortis is ideal for areas such as corridors, classrooms and high circulation areas, where walls and plaster board need protection from knocks and scrapes from feet or wheeled traffic.

Altro Fortis works perfectly in partnership with Altro Whiterock.

Features & Benefits

- Impact resistant wall protection
- Textured sheet
- Colour options available
- Colour matched with Altro Whiterock™ Satins to provide a consistent finish
- Quick to install
- Sheet size: 3000mm x 1220mm x 2.5mm
- Pre-formed corners available: 1200mm x 75mm x 75mm
- Flexitrim top edge coil offers aesthetically improved finish
- Guaranteed system (20 years)
- Fire resistance: Class 0, when fully bonded to a non combustible substrate

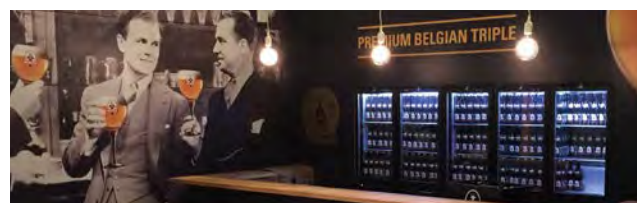

Available to order from your local branch

Unilin Clicwall®

Clicwall® is an immediate decorative wall panelling system, available with a choice of melamine faced decors or paint-ready layer on its MDF core.

It offers significant time and cost saving benefits as the world-renowned Uniclic® installation system means that it's quick and easy to install. As it can be fixed directly to battens, it can even replace the need for plasterboard.

It offers significant time and cost saving benefits as the world-renowned Uniclic® installation system means that it's quick and easy to install. As it can be fixed directly to battens, it can even replace the need for plasterboard and wet trades in a conventional wall system.

Also available is Clicwall® Paint - a unique surface panel that is primed and ready to paint or paper. Customised interiors and designs can be created using our bespoke digital print service. Patterns, photographic images or corporate themes are printed directly onto the panels using high resolution digital print for a truly unique look.

Why choose Clicwall?

Clicwall is up to five times faster to install when compared with traditional plasterboard methods, saving on labour costs as well as time, and because it does not require additional finishing dust and dirt is kept to a minimum.

Clicwall v's Plasterboard

Clicwall

- Step 1. Erect substructure (metal or wooden substructure)
- Step 2. Mount Clicwall (6 to 7 fixing points per panel)

Plasterboard

- Step 1. Erect substructure (metal or wooden substructure)
- Step 2. Mount plasterboard (20 to 25 fixing points per panel)
- Step 3. Fill fixing holes and joints
- Step 4. Drying time
- Step 5. Smooth/sand joints and holes
- Step 6. Apply primer coating
- Step 7. Drying time
- Step 8. Paint finishing colour (may require 2 coatings)
- Step 9. Drying time
