

Design Series

Luxury *Bathrooms*

In the vast tapestry of time, where brands emerge and evolve, there exists a sublime harmony when the right brand finds its place in the right era—a convergence of essence and zeitgeist, forging an indelible connection that transcends the fleeting trends and resonates deeply with the collective spirit of its time.

Welcome to the next chapter of Design Series.

We are more *than bathrooms*

We place family values and our people are at the heart of everything we do; our unique history deeply rooted and intertwined with the traditions and history of the Gargour family.

The legacy continues to inspire and guide us in every aspect of our business, from product design to customer service.

We take pride in our achievements and we are committed to providing tailored solutions and flexibility to those we work with.

Our global presence is ever-growing, exporting to over 50 countries worldwide.

As the second largest supplier into the UK by volume, we have the capacity to produce 6.2 million pieces each year, every piece meticulously hand finished.

We are Lecico

We can *& we will.*

"We have a term that we often refer to internally to test our resolve to provide the best possible customer service levels - we can and we will."

Antony Thompson
Lecico Managing Director

Styles come and go.
*Good design is a
language, not a style.*

Massimo Vignelli

How a bathroom *lives within you...*

Have you ever stopped to consider how a bathroom lives within you?

We believe a well designed bathroom is not just a physical space, but a sanctuary in which you start and end your day, each detail a reflection of what personifies you.

Whether you choose to create a luxurious haven or a minimalistic escape, every aspect should contribute to creating a space that's truly embodies and reflects your tastes, regimes and personality.

It All Started With Oranges

The first Mercedes shipped to the east was traded by TGF, 5000 cases of them were exchanged for the Mercedes.

In 1928, the Gargour family founded T. Gargour & Fils (TGF) in the heart of Jaffa. By 1959, a new chapter in the Gargour family's journey had begun; the start of Lecico, a budding tile-making firm.

In 1967, Lecico made a bold move, diversifying into the production of sanitary products. This would not have been possible without their close friend Joseph Gorra, who urged them to invest in the business after their move to Lebanon.

By 1977, Lecico had grown exponentially, but the Gargour family were far from done and set their sights on a new market - Egypt. The company flourished in Egypt and soon started reaching new heights of success.

TGF is still run today by the Gargour family alongside Lecico and remains the sole distributor of the iconic Mercedes Benz in Lebanon and Jordan. Over the years, TGF and Lecico have evolved into renowned global trading companies, leaving an indelible mark within the industries they operate.

A Unique And Limited Resource

At Lecico we know that water is a unique and limited resource. We're committed to reducing the amount of water used in the operation of our WCs; most come with a dual flush mechanism as standard.

In addition we are now able to offer an increasing number of products within our ranges which only require 4/2.6 litres of water for flushing. This represents a significant saving on utility bills.

In line with our commitment to water conservation, we continuously pursue innovation and the development of cutting edge bathroom products. Our continual advancements showcase the introduction of delayed fill inlet valves for our wide range of WCs. Moreover, our exclusive distribution partnership with Propelair serves to fortify our commitment to delivering sustainable solutions for efficient water management.

As a manufacturer of bathroom ceramics we are aiding governments in their quest to reduce water consumption by producing new, exciting, innovative and technologically advanced bathroom products.

We've also pledged our commitment to the Unified Water Label scheme. This scheme provides a comprehensive database of bathroom products, allowing for easy comparison and the selection of products that consume less water, save energy and save money.

Throughout our brochure, you will find UWLA efficiency ratings, providing a guide to choosing a toilet that suits your needs.

For more information, please visit their website at www.uwla.eu

Our Commitment To Carbon Balanced Print

At Lecico Bathrooms we are committed to sustainable sourcing and production, this includes minimising the carbon impact of our brochure production.

Our partnership with Deltor benefits from their ISO14001 certified printing plant where more than 480 solar panels are utilised for power generation, our brochures are produced from sustainably sourced energy. In addition, any remaining emissions from the production process are calculated and then offset with World Land Trust (WLT).

The printing plant has balanced the equivalent of 140 tonnes of CO₂ - This directly helps WLT protect over 24 acres of threatened forest and habitat.

World Land Trust is an international conservation charity that protects the world's most biologically significant and threatened habitats, acre by acre.

Since its foundation in 1989, World Land Trust has funded partner organisations around the world to create reserves and give permanent protection to habitats and wildlife.

To date, World Land Trust has helped secure more than 881,000 acres of threatened habitat across 20 countries. The work of World Land Trust is actively supported by their passionate and dedicated patrons.

"The money given to world land trust
*in my estimation, has more effect
on the wild world*
than almost anything I can think of"

Sir David Attenborough
World Land Trust Patron

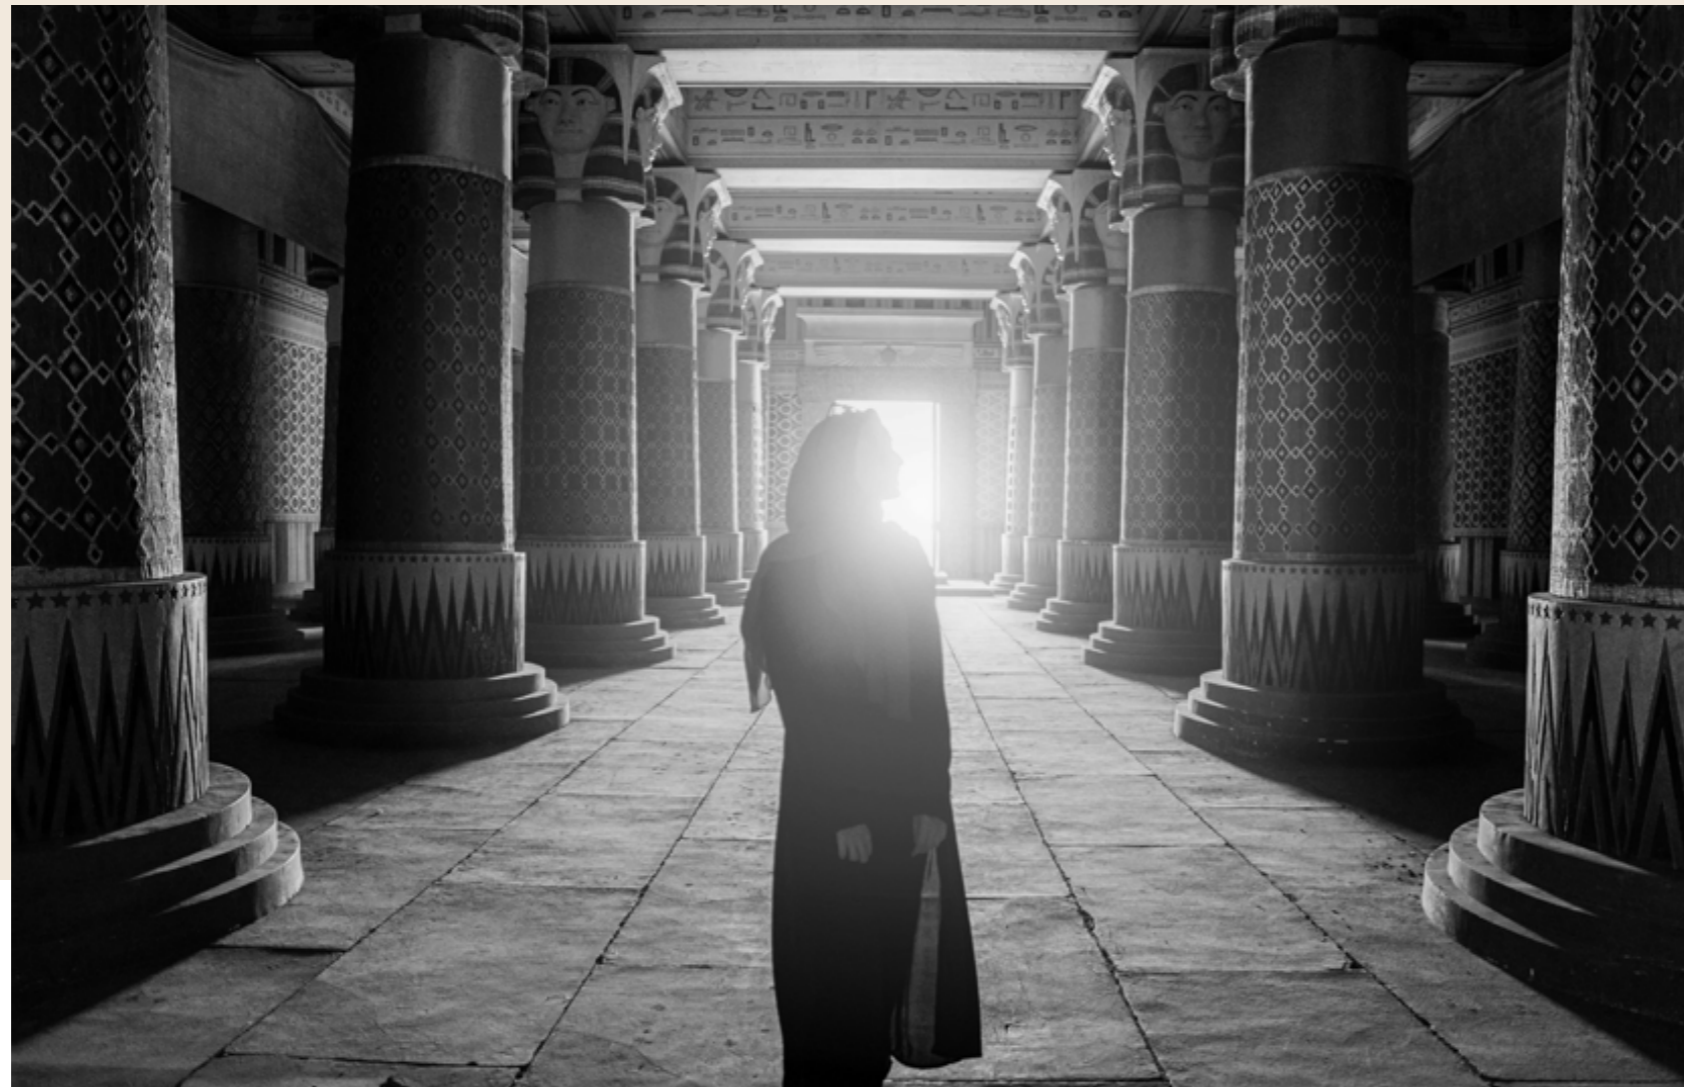

A Feminine Origin Of Suites

"We believe in the importance of creating safe spaces that are

welcoming & reflective

of Lecico's growing global community"

The Design Series collection of suites are thoughtfully named and derived from feminine Arabic names. This deliberate choice pays homage to the rich cultural heritage and celebrates the timeless elegance of Arabic tradition.

By naming our suites after Arabic feminine names, we aim to honour both our roots and the strength, grace, and beauty that these names represent. Each name carries its own unique story and symbolism, reflecting the diverse and inspiring qualities of those who they were named after.

The selection of names is also an invitation to embrace the beauty of diversity and inclusivity. We believe in the importance of creating spaces that are welcoming and reflective of Lecico's growing global community, where individuals from any and all backgrounds can find representation and a sense of connection.

Furthermore, by naming our suites after Arabic female names, we hope to inspire a sense of empowerment and recognition. We invite you to explore the depth and beauty of Arabic culture with us.

Unleash Your Style

*A Fusion Of Styles:
Master The Art Of
Mixing & Matching*

Discover the endless possibilities of style fusion with our guide to mixing and matching. Unleash your creativity and elevate your space by seamlessly blending different design styles. Whether it's the juxtaposition of modern and traditional elements or the harmonious combination of minimalism and maximalism, our expert tips and inspiration will help you achieve a unique and personalised look. Embrace the art of style fusion and create a space that reflects your individuality.

Mix, match &
Make a statement.

Zara & Layla

The stepped features of Zara bring a sense of architectural elegance and geometric precision, while the curves of Layla soften the overall look, adding a touch of fluidity and organic beauty. This combination creates a balance between sharp lines and graceful curves, resulting in a visually captivating and balanced bathroom design.

Contemporary or traditional?

Choosing between traditional and contemporary styles for your bathroom depends on your personal taste and the overall aesthetic you want to achieve. Traditional designs such as Saffia often incorporate classic elements and ornate details, while contemporary designs focus on clean lines, minimalist features, and a sleek, modern look.

To furnish or not to furnish?

The choice between furnishing or not furnishing your bathroom depends on factors such as your space availability, desired aesthetic, and storage needs. Using pedestals or wall hung basins can create a clean airy look. On the other hand, incorporating furniture like vanity units and cabinets can offer additional storage options and allow for a more modern and highly customised design.

The perfect counterpart?

The vanity furniture unit of Zara can serve as the counterpart to a Layla basin, providing a functional and visually appealing partnership. By selecting a vanity that complements the design aesthetics of the countertop basin, such as similar finishes or materials, you can achieve a cohesive or eclectic look.

How to enhancing your ensemble?

Choose other items such as a suite, tap showers or handles, in a complementary finish or style. For instance, the stepped look of Zara pairs perfectly with the lines of Layla. Alternatively, you can choose contrasting finishes or styles to create an unique and eye catching combination.

Did You Know?

You can use both our handle styles on all our vanity units?

Designed to be *Combined*

Layla Sanitaryware & Victoria Brassware*

Designing *your perfect bathroom*

Follow this guide to help you use our brochure to create your perfect bathroom

Step 1: Size - Baths & Showers

The size of your bathroom will determine the suitability for a bath, a shower, or both.

Measure your bathroom space and decide whether the size will allow a shower and a bath, or just a shower. Showers can be installed over the bath using a bath screen, within a shower enclosure, or as a walk-in shower. Alternatively, if you prefer, you can simply opt for a bath. The choice is yours to create the ideal bathing experience.

Freestanding baths
Choose from Layla or Saffia's freestanding baths

Step 3: Colour - Furniture

Decide on a colour scheme for your bathroom and select bathroom furniture that either complements or contrasts with the room colour.

Both the Layla and Zara ranges offer a variety of colours to match your chosen style. You can select from options like Cobalt Blue, Matt Green, Anthracite Grey, Light Grey, Oak, or Gloss White. Our furniture provides the flexibility to create a statement or understated look, allowing room decor or other items to take centre stage. Worktops can also be used to add contrasting elements within the design.

Furniture
Choose from Layla or Zara furniture

Step 2: Style - Furniture

Decide on the style of the furniture you prefer, whether you prefer a curved or straight design.

Layla's curved style can add a touch of elegance, while Zara's straight design offer a more contemporary design. Identify the appropriate size for your furniture, consider the available floor area and ensure the furniture fits without overwhelming the space. Our furniture ranges offer 50cm, 60cm, and 80cm width wall hung furniture units and floor standing units.

Furniture
Choose from Layla or Zara furniture

Step 4: Storage - Furniture

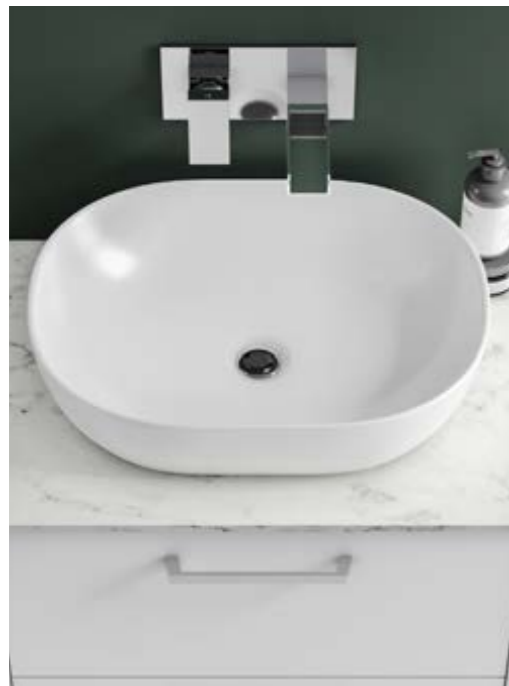

How much storage space do you need?

Evaluate your storage needs and select a furniture unit with the desired number of drawers, including the option for his and hers basins. Choose between a one drawer or two drawer unit based on your requirements. One drawer units are ideal for smaller spaces or when minimal storage is required, while two drawer units offer greater storage capacity. For enhanced storage, consider combining two Zara units together with a worktop. In the Layla range, a Tall Boy Unit can also be used for additional cupboard storage.

Furniture
Choose from Layla or Zara furniture

Designing *your perfect bathroom*

Follow this guide to help you use our brochure to create your perfect bathroom

Step 5: Basins & Worktops

Choose a basin style for your furniture using either vanity basins or freestanding basins

All furniture comes with compatible vanity basins, providing a seamless combination. An alternative choice is to incorporate a worktop with freestanding basin(s). Additionally, our assortment includes a variety of worktop colours and finishes. If you decide on a worktop style, select a countertop basin that complements both the furniture and the overall design.

Freestanding basins
Choose from Layla's range of freestanding basins

Step 7: Taps

Choose taps that coordinate with the furniture and overall bathroom aesthetics

Consider the type of taps that will accompany the furniture. Decide between wall mounted or tall basin mixers if you are using worktops and freestanding basins. Some of the Layla freestanding basins have a tap deck to accommodate conventional basin mixers. Ensure the taps coordinate with the overall aesthetic and provides the desired functionality. All basin mixers can be used with vanity basins but again, consider the overall aesthetic of the bathroom in your choice.

Taps
Choose from ten unique tap ranges

Step 6: Furniture handles

Consider what handle style, size, and finish best complements the bathroom furniture

Take into consideration the style and size of your handles, which serve as the perfect finishing detail to complement your bathroom furniture. Our extensive range of handle designs, available in a variety of colours and finishes, enables a customisable bathroom design. Choose from a diverse array of options that harmonise with your chosen unit combination.

Handles
Choose from Layla or Zara handles

Step 8: Sanitaryware

Pair the furniture with sanitaryware from the range that best suits your overall design

Consider the design style for your suite, Layla and Zara furniture can be paired with pans from any range so choose the style that suits your overall design appropriately. When using wall hung furniture a wall hung or back to wall pan is a popular choice with a concealed cistern that fits behind the wall. This offers a minimalist design giving a modern look and feel.

Sanitaryware
Choose from Layla, Zara, Cleo or Saffia

Suite Origins

The name Layla means "night" in Arabic, a fitting name for a suite that evokes the same magic and mystery of seen in nocturnal hours.

Named after the iconic 7th century love story of Qays and Layla, this suite captures the essence of timeless passion and elegance known throughout medieval Arabia and Persia.

From sleek lines to the exquisite finishes and elegant design, every element of this suite exudes a sense of refined elegance and beauty.

Immerse yourself in the magic of the Layla and embrace the romance and passion that it embodies. Let the allure of the night guide you on a journey of luxury and refinement.

Suite Origins

Introducing the newly updated Zara collection, a stunning suite of bathroom fixtures and accessories that embodies the essence of beauty and brilliance.

In Arabic, the names Zahra, Zahara and Zaahir are associated with the meanings of "flower," "blossom," "brilliance" or "light," evoking the image of a radiant bloom or a shining star.

The name Zara embodies the notion of shining and flourishing, representing a spirit of elegance and grace that is both timeless and inspiring. With its exquisite finishes, sleek lines and unique design, the Zara collection is a true testament to the flourishing design at Lecico.

Suite Origins

Step into a world of glory with the captivating Cleo suite. The name Cleo, derived from the Greek word for glorious, perfectly encapsulates the essence of this suite.

Drawing inspiration from the legendary Cleopatra VII Philopator, the queen of the Ptolemaic Kingdom, characterised by her deep connection with Egyptian culture and her efforts to foster trade relationships with numerous Arab nations, leaving an indelible mark on history.

Within Cleo, refined modern design blends with the luxurious comfort of elevated height. This regal suite is available in both square and round silhouettes, adding versatility to its captivating allure.

Cleo

Basins and semi recessed basins

Saffia

Traditional styling
High and low level toilets
Multiple basin profiles

Suite combination

Saffia sanitaryware
and Buxton brassware

Suite Origins

Featuring intricate details and refined lines, the Saffia suite is a timeless addition to any traditional bathroom. The name Saffia was chosen with great care, as it holds revered meaning.

The name is derived from an Arabic trilateral root word, "s-f-y", which has a core meaning of purity. This name is a reflection of the suite's clean lines and pure design that is reminiscent of a bygone era.

Through Saffia, we also pay homage to two of our long term staff members who share a similar name to the suite; a testament to the values of family that we hold dear and a reflection of the intricacy, care and attention to detail that our people give rise to at Lecico.

Saffia

Basins and semi recessed basins

Suite combination

*Saffia sanitaryware
& Buxton brassware*

Saffia Round Basin & Pedestal

The Saffia Round Basin features a graceful and curved silhouette, inspired by classic design elements. Its round shape and smooth flowing lines create tranquillity and serenity, enhancing the overall ambiance of the space.

Shower Trays

Rectangular

Square

Quadrant

Tailored for use with our Layla and Zara enclosures, our range of shower trays offer four distinct styles to choose from, including rectangular, square, quad, and offset.

The rectangular and square shower trays benefit from clean lines and simple profiles that make for a seamless addition to any shower enclosure or wet room.

For a unique and practical option, our offset shower trays are the perfect choice. These trays feature a spacesaving position, adding a touch of creativity and asymmetry to your design.

Trusted *Globally*

We export to more than 50 countries

Camberley

Made to stand out.

Modern, square styling with matt black options. Stylish and contemporary, the Camberley range makes the most of the latest bold bathroom trends.

Victoria

Beautifully sleek.

Slimline handles and waterfall spouts. Victoria comes in a choice of simple square and round profiles, made to give light to its waterfall spout feature.

Hampton

Modern meets traditional.

Traditional with a twist. Hampton is a hybrid of traditional styling and current trends, allowing for an abundance of desirable design attributes.

Belgravia R

Subtle curves.

Slimline handles and curved styling. Refined in style, the Belgravia R range is a fitting partner for our thin lipped Cleo basins.

Brassware – 5 year guarantee on all chrome taps and showers, 2 year guarantee on matt black
Acrylic baths – 25 years guarantee on baths, 2 years on bath panels
Flushing mechanisms, concealed cisterns and wall mounting frames – 1 year guarantee
Furniture – 1 year guarantee
Shower Enclosures – 12 years, 10 years on bath screens
Shower Trays – Lifetime Guarantee

Guarantee Limitations

All product guarantees cover manufacturing defects only. Damage caused by accidental damage, excessive wear and tear or improper installation will not be covered. All guarantees cover the replacement of the original product with the same item if possible. If a product has become obsolete then an alternative similar product will be offered. The cost of re-installation is not covered by the guarantee. Brassware guarantee does not cover damage covered by calcium deposits. Bathroom furniture is designed to withstand a wet environment but does not include immersion or exposure to leaks. Proof of purchase date is required for us to honour these guarantees, please keep your purchase receipts safe. It is not necessary to register your guarantee with us. All guarantees are transferable provided you have the original proof of purchase.

Regular Servicing

Bathroom products include moving parts, joints, connections and valves which will suffer over time if they are not serviced regularly. We recommend that you have your bathroom appliances checked annually by a competent and certified plumber and that you consider replacing flushing mechanisms as soon as there are signs of poor function or water leakage.

Prices

The prices included within this brochure supersede all previous publications with goods being invoiced at prices ruling on date of dispatch. Prices shown are inclusive of VAT and are subject to alteration without notice.

Errors & Omissions

In the interest of continuing design and development and product improvement, Lecico reserve the right to change colour, designs & product specifications without prior notice. All colours/finishes in this brochure are as accurate as the printing process will allow.

Measurements

All dimensions are in millimetres and are nominal, they are provided as guidance only.

Wastes

Wastes are not supplied with freestanding taps, wall mounted taps, bath taps, bath fillers and bath shower mixers.

Cleaning Instructions

Clean with a soft cloth and avoid surfactants and heavily perfumed products. Do not use abrasive scrubbing cleaners or equipment for cleaning. Further guidance is available on request.

The Legal Bit

All items in this brochure are subject to availability and are correct at the time of printing. All dimensions are approximate and subject to normal variation. Although every effort is made not to change information, Lecico reserve the right to do so without notice.
